

## SMD P10 Outdoor Details

### **Product Features:**

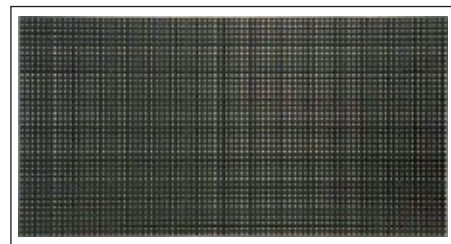

Use highlight LED and High Quality Plastic Parts  
High Contrast Display can achieve a good effects.  
Light Weight current drive LED, low power consumption.  
Perfect Uniformity and consistency

### **Applications:**

City Squares, Pedestrianized Streets, Exhibition Centers,  
Stadiums,  
Road Traffic, Airports, Railway Stations, Docks, Etc.

## SMD P10 Outdoor Specification

SMD P10 Outdoor Specification	
Driving Method	1/4 Scan
Pixel Pitch	10.0mm
Resolution Of Module	32 x 16
Size Of Module	320mm x 160mm
Brightness	6500cd/m2
Density	10000dots/m2
Pixel Configuration	1R1G1B
Maximum Power Consumption	<678W/m2
Driving Device	Constant Current
Refresh Frequency	≥3840Hz
MTBF	> 10,000 Hours
IP Level	IP 65 (Front Side)

**P10 Front View**

**P10 Rear View**
