

SMD P4 Details

Product Features:

Super Bright LED
Can be a single point,
single-lamp maintenance,
low cost

Low Power Consumption
Quick installation

Applications:

Indoor Hall, Exhibition Halls,
Conference Rooms, Etc.

SMD P4 Specification

SMD P4 Indoor Specification	
Driving Method	1/16 Scan
Pixel Pitch	4.0mm
Resolution Of Module	64 x 32
Size Of Module	256mm x 128mm
Brightness	1000cd/m2
Density	62500dots/m2
Pixel Configuration	1R1G1B
Maximum Power Consumption	<519W/m2
Driving Device	Constant Current
Refresh Frequency	≥3840Hz
MTBF	> 10,000 Hours
